

Mohammad Tamim Munshi Mubashir

Software Engineering Student · Aspiring AI Engineer

tamimmunshi262@gmail.com | +8801997421522 | Dhaka, Bangladesh |
www.linkedin.com/in/tamim-munshi-a33536306/

CAREER OBJECTIVE

To become an AI Engineer and build intelligent software that solves real-world problems.

EDUCATION

B.Sc. in Software Engineering — 2024 - Present

[Daffodil International University](#) | 3.70 / 4.00

Currently studying Software Engineering with a strong focus on Artificial Intelligence, Machine Learning, Data Science and Full Stack Development.

Higher Secondary Certificate (HSC) — 2020 - 2022

[Uttara High School & College](#) | GPA 5.00

Completed Higher Secondary Education in Science with excellent academic performance.

Secondary School Certificate (SSC) — 2018 - 2020

[Uttara High School & College](#) | GPA 5.00

Completed Secondary School Education in Science.

EXPERIENCE & INVOLVEMENT

Software Engineering Student — 2024 - Present

[Daffodil International University](#)

Studying Software Engineering with a focus on AI, Machine Learning, Data Science, Web Development and Software Engineering principles.

Executive Member — 2025 - Present

[DIU Software Engineering Club](#)

Participating in technical events, workshops, hackathons and collaborative software development activities.

AI & Machine Learning Learner — 2025 - Present

[Self Learning](#)

Learning Machine Learning, Deep Learning, Python, Data Science and Computer Vision through practical projects.

TECHNICAL SKILLS

Programming Languages	Java, Python, JavaScript, C
Web Development	HTML, CSS, Responsive Design
Database	MySQL
AI & Data Science	Machine Learning, Data Science, Pandas, NumPy

CERTIFICATIONS

AI Innovation Hackathon 2026 — Daffodil International University (July 2026)

Python for Data Science — Coursera (2025)

Machine Learning Fundamentals — Google (2025)

PROJECTS

AI Marketplace Platform (AI + Web)

An AI-powered marketplace that detects product condition, suggests categories, and recommends prices using Machine Learning.

Tech: HTML, CSS, JavaScript, Python, Flask

Student Management System (Java)

Desktop application for managing student information, attendance, and academic records.

Tech: Java, MySQL

Portfolio Website (Frontend)

A modern portfolio website built with HTML, CSS and JavaScript using modular architecture.

Tech: HTML, CSS, JavaScript

AREAS OF INTEREST

Artificial Intelligence, Machine Learning, Data Science, Deep Learning, Computer Vision, Natural Language Processing, Software Engineering, Web Development, Cloud Computing
